## DX02 Door Coordinator

DX02 is a coordinator for door closers integration to keep two door closers hold-open for double-leaf doors open and close doors in sequence.

### FEATURES

- Apply to double-leaf doors.
- Suitable for rebated double doors to keep hold open use.
- For door closing in sequence with the inactive door fully closing before the active door closing.
- Controls independently of door closer to provide the ideal combination of function for safety.
